Classified & Display Ad Deadlines

The deadline for classified ads for the next issue is Sept. 23. Display ad space must be reserved by Sept. 18.

If your ads are not received by this deadline, they will not be published in the next issue.

Please limit ads to 25-30 words. There is a \$5 charge for ads over 30 words.

Classified Cost

Cotton Electric members are entitled to two free ads *per membership* per month. Additional ads or ads over 30 words can be purchased for \$5 per ad.

Not a member, but still want to advertise? Ads must be prepaid, so enclose \$5 with your ad to guarantee placement.

Contact Us

Ads can be sent in the mail or be dropped off at Cotton Electric, 226 N. Broadway, Walters, OK 73572. Ads can also be dropped off at the Duncan office, 1101 W. Oak.

Ads can be emailed to classifieds@cottonelectric.com or they can be sent via fax to 580-875-3101. Place an ad by phone by calling 580-875-3351.

UNCOMFORTABLE?

Does your home have any of these symptoms?

- ☐ Rooms that get too hot or too cold?
- ☐ High utility bills?
- ☐ Thermostat wars with your spouse?
- ☐ High humidity in summer?
- ☐ House just never seems comfortable?
- ☐ There doesn't seem to be enough airflow?
- ☐ Dust buildup within 2 days of dusting?
- ☐ Problems with your system since it's been installed?
- ☐ Anyone with allergies or asthma?
- ☐ AC starts and stops frequently or runs all the time, and house is still not cool?

☐ Have been told by other contractors that the problem cannot be fixed?

If you answered **YES** to any of these questions, we can help!

Pippin Brothers has specialists that can pinpoint and correct these problems and, in many cases, you don't even have to replace your equipment, with the solution usually being easier and costing a lot less than you may think. There is no other contractor in Lawton more qualified than Pippin Brothers at diagnosing and correcting these annoying, inconvenient, unhealthy, comfort-compromising and energy-wasting concerns. Call us today and let us make your home **Feel As Good As It Looks!** After all, your home is your largest investment and you and your family deserve to be comfortable - don't you?

Gardening with The Current

Insect traps:

If your garden is under siege from earwigs, dispose of them by making your own environmentally-friendly traps. Simply roll up a wet newspaper, tie it with a rubber band and leave in the infested area overnight. By morning the bugs will have gone.

Compost material:

Add moderate amounts of wet, shredded newspaper to your compost heap and give earthworms a tasty treat.

Need more newspaper? We have a surplus of newspapers available to members at no charge. Visit co-op headquarters in Walters and we will fix up a bundle for you.

Weed Killer:

If weeds are a problem in your garden, cover the flower beds with newspaper and soak them in water. Then cover the paper with compost or mulch. Eventually the paper will smother the seeds, and the organic matter will help your garden flourish.

Pots for seedlings:

For gardeners, one of the best ways to get rid of newspapers is to turn them into seedling pots. Newspaper seed pots save you money on peat pots and plant starting kits and they're fully biodegradable, meaning you can simply plant the seedlings, pots and all, without worrying about root damage.

Weed Barrier:

Cut down on time spent weeding vegetable gardens and flowerbeds by spreading two or three layers of newsprint over the bare ground. To keep your gardens organic and toxin-free, avoid using glossy newspaper inserts or sections with colored ink. Once you've laid out the newspapers, use straw, mulch or grass clippings to hold the papers down and hide them from sight.

TARTER

Is Your Water Safe?

Give Your Back a Break...Stop Adding Salt to Your Softener

Minerals in your water form scale deposits that build up inside your pipes, water heater, shower heads, and other water using equipment like cholesterol in your arteries. These deposits significantly decrease the efficiency of your plumbing systems. Drinking water and icemakers are also negatively affected, as are health quality of water and taste. Hard water is not safe for you, your family or your home.

Benefits of a No-Salt Water Conditioning System:

- ▣ Maintain healthy calcium & magnesium levels
- ▣ No sodium added to water
- ▣ No waste water vs. up to 10,000 gallons per year with salt softeners
- ▣ No environmental discharge of salt or chemicals
- ▣ Reduces iron staining
- ▣ Extends appliance life by 50% or more
- ▣ Descales inside of pipes & water heater
- ▣ Cleaner bodies, clothes, and dishes
- ▣ 25% or more reduced detergent use
- ▣ Clothing will last longer
- ▣ Cleaner more refreshing water
- ▣ Improves water heater efficiency and thus lowers energy bills
