Cooperative principles

Continued from Page 12.

Members create co-ops to provide a service that is needed. Co-ops are independent and can operate on their own, which benefits the members.

Just like you, we're always learning! The co-op focuses on education to ensure that employees and members have the training and information they need to make the co-op successful.

Co-ops share and learn from other co-ops. They help each other out when needed because co-ops want other co-ops to be successful!

All co-ops work for the greater good of the local communities they serve. Co-ops give back to their communities to make sure they thrive and grow.
